Indian Railways records 1.68% growth in freight loading

New Delhi, Apr 2: The Indian Railways said that it registered a 1.68 per cent growth in freight loading to 1,617.38 million tonnes in the 2024-25 fiscal. In 2023-24 fiscal, total 1590.68 MT freight loading was achieved, said the railways.

"Loading for domestic coal registered a growth of 7.4 per cent whereas domestic containers recorded a growth of 19.72 per cent. Fertiliser loading recorded a growth of 1.25 per cent while petroleum, oil, and lubricants loading witnessed an increase of 0.61 per cent," it

said in a statement.

Due to impressive loading of coal by the Indian Railways, fossil fuel stock at thermal power plants reached 57 million tonnes, the ministry said.

"The Railways is crucial for transporting bulk commodities which are essential for industry and energy -- coal for power plants; iron ore and finished steel for manufacturing and construction; foodgrains for national distribution; fertilisers for agriculture, and petroleum products for transportation and other purposes," said Dilip Kumar,

executive director for information and publicity at the Railway Board.

"For long distances and bulk goods, rail transport has been more economical than road transport. This helps reduce overall logistics costs for businesses, making Indian goods more competitive domestically and internationally," he further said.

Kumar added that the Railways linked mines, factories, agricultural regions and ports with markets across the country, enabling seamless supply chains

Niva Bupa launches health insurance plan Rise

Chennai, Apr 2: Niva Bupa Health Insurance Company Limited one of India's leading standalone health insurers has unveiled 'Rise'—a health insurance plan designed to make quality healthcare more accessible for India's "Missing Middle." With several industry-first features that deliver value and flexibility, 'Rise' is set to redefine affordability and accessibility in health insurance.

'Rise' has been designed

after comprehensive consumer immersion with consumers in the middle class segment residing in both large and small cities of India to understand their lifestyle, needs and preferences. The interactions revealed insights that people in this cohort have seasonal income and are looking for tangible benefits to manage their health due to lack of good primary private health care.

Dr.Bhabatosh Mishra, Director - Underwriting,

Products & Claims, Niva Bupa Health Insurance, said "At Niva Bupa, we are committed to delivering innovative solutions that cater to the evolving needs of our customers. Rise is not only a step forward in bridging the insurance gap for India's Missing Middle but also aligns with IRDAI's vision of Insurance for All by 2047. This plan ensures that health insurance is affordable, flexible, and tailored to the needs

of our underserved population, empowering individuals and families with access to healthcare and financial security"

Rise is an affordable health insurance plan that would cover comprehensive range of healthcare expenses, including coverage for all treatments needing 2+ hours of hospitalization, domiciliary and home care treatment as well as 60 days' pre and 180 days' post-hospitalization expenses.

PMMY Effective tool for women empowerment at grassroots level: SBI Report

New Delhi, Apr 2: Increasing women participation in the Pradhan Mantri Mudra Yojana (PMMY) — 68 per cent of 52 crore account holders are women — has led to better financial situation of women borrowers in the last 10 years, a report showed on Wednesday.

In the last nine fiscal (FY25 over FY16), while per woman PMMY disbursement amount increased by a CAGR of 13 per cent to Rs 62,679, the per woman incremental deposits increased by a CAGR of 14 per cent to Rs 95,269, branding PMMY an effective power tool for women empowerment at grassroots level, according to a report from the State Bank of India's (SBI) Economic Research Department.

Nearly half of the 52 crore PMMY accounts be-

longs to SC/ST and OBC social classes. Going a step further, 68 per cent of total account holders are women entrepreneurs while 11 per cent belongs to minority groups.

Among states, Bihar has the largest number of PMMY women entrepreneurs (4.2 crore), followed by Tamil Nadu (4.0 crore) and West Bengal (3.7 crore). Maharashtra has the largest share of women account holders (79 per cent) in total followed by Jharkhand (75 per cent) and West Bengal (73 per cent)," the SBI report mentioned.

Average ticket size of the loans have nearly tripled — Rs 1.02 lakh in FY25 and Rs 72,000 in FY23 from Rs 38,000 in FY16.

As per the latest government data, under the PMMY, as many as 52.07 crore loans amounting to Rs 33.19 lakh crore have

been sanctioned since inception of the scheme (as of February 28, 2025).

PMMY, under the Micro Units Development and Refinancing Agency (MUDRA) was set up for development and refinancing activities relating to micro units.

PMMY ensures collateral-free institutional credit up to Rs 20 lakh is provided by member lending institutions (MLIs) — Scheduled Commercial Banks (SCBs), Regional Rural Banks (RRBs), Non-Banking Financial

Companies (NBFCs) and Micro Finance Institutions (MFIs).

According to the SBI report, the share of Shishu has declined from 93 per cent in FY16 to 51.7 per cent in FY25, while the Kishor account share has increased to 44.7 per cent in FY25 from 5.9 per cent in FY16.

"This clearly indicate that some Shishu accounts have grown and availed Kishor loans of higher loan limit. MSME units are getting bigger," the report noted.

Audi India reports positive performance

Chennai, Apr 2: Audi, the German luxury car manufacturer, announced its sales figures for the first quarter of

2025, reflecting a positive performance with 1,223 units retailed. This marks a 17% growth compared to Q1 2024, underscor-

ing the brand's growing demand in the luxury car market.

The impressive Q1, 2025 results highlight Audi India's successful efforts to capitalise on its diverse product portfolio and renewed supply chain stability. Key contributors to this growth include the continued popularity of models such as the Audi Q7 and Audi Q8. This performance builds on the momentum from last year in which Audi

India celebrated the milestone of 100,000 cars on Indian roads.

Balbir Singh Dhillon, Head of Audi India said, "Having successfully navigated supply challenges in 2024, we are well-equipped to meet the increasing demand for luxury mobility in India. Our commitment remains steadfast in delivering exceptional products and experiences as we strive for a positive performance in the year ahead."

Samsung unveils AI home vision

Coimbatore, Apr 2: Samsung, India's largest consumer electronics brand, unveiled its refreshed "AI Home" vision and innovative appliance lineup at its global launch event, Welcome to Bespoke AI, in Seoul, Korea. With a focus on providing a more secure and intuitive user experience, the company introduced an AI Home experience, showcasing advanced AI features and a wider range of screen-enabled appliances.

Jeong Seung Moon,

EVP and Head of the R&D Team for Digital Appliances Business at Samsung Electronics, opened the global press conference by introducing the company's vision for creating an AI Home that harmoniously connects various devices and, as a result, caters to user needs in every room of the home.

"Through our Bespoke AI appliances, Samsung has brought an AI Home to life that not only enhances everyday convenience but also enables energy savings and care," said Jeong Seung Moon. "We will continue to expand the advanced AI Home to more households, leveraging smart screens, Bixby and Knox security."

redbus unveils report on travel trends

Chennai, Apr 2: redBus, the world's largest bus ticketing platform, has released the 5th edition of the India BusTrack Report, highlighting key travel trends from October to December with a special focus on Tamil Nadu. The report reveals that 55% of the travellers from Tamil Nadu fell within the 21-35 age group, highlighting a strong preference for bus travel among young and working adults, along with other key travel trends. The trends reflected here pertain to private bus operators and estimates from the redBus platform only.

The India BusTrack Report by redBus is a data-driven analysis of the intercity bus industry, highlighting key trends and market insights.

Prakash Sangam, CEO of redBus said "Tamil Nadu is a state with a very high proportion of intrastate travel - contributing to 78% of overall bus travel. When it comes to out-of-state travel, Bangalore contributes a disproportionately large share - roughly two-thirds (~64%). Overall, buses run with a healthy occupancy of 79% in the state.

India celebrated the milestone of 100,000 cars on Indian roads.

Balbir Singh Dhillon, Head of Audi India said, "Having successfully navigated supply challenges in 2024, we are well-equipped to meet the increasing demand for luxury mobility in India. Our commitment remains steadfast in delivering exceptional products and experiences as we strive for a positive performance in the year ahead."
